Dear [REDACTED]

Please accept this letter as written authorization for you to initiate investments on behalf of my wife and me. As a member of Congress who seeks to preserve the public trust, I will not be providing any input on how to invest our funds, and you are to disregard any input if you do receive any. You have the trust of our family to make wise financial decisions on our behalf.

Please also file the required Periodic Transaction Reports as required by the STOCK Act and Congressional Ethics rules.

Thank you,
